

Into the  
**THIRD MILLENNIUM**

**SATELLITE BROADCAST  
IN THE MIDDLE EAST**

Third Millennium's Arabic curriculum is being streamed on the Al Bisharah satellite network in the Middle East. **در اش بل لة انق** Our Arabic coordinator learned of the network's website from a Christian Arab-language publication, and was pleasantly surprised to find Third Millennium videos being streamed on the site the first time he logged on! How encouraging it is to learn that God is using the efforts of Third Millennium Ministries in ways we do not even realize!

From Al Bisharah's site: "The core values of Al Bisharah are to minister to the Middle Eastern culture, provide interactive talk shows, biblical programming in Arabic and Aramaic languages, offer easy accessibility through satellite TV and internet, help human souls experience God, provide biblical accuracy and correct use of Scripture, confront every person with the power of God's Word, and assist the Middle Eastern community networks."

**NEW PARTNERSHIP ESTABLISHED**

Dr. Richard Pratt recently presented special lectures at Wycliffe Hall, a theological college at Oxford University in England. Throughout history, many bold leaders worked to advance the kingdom while at Oxford, and many of them were martyred for their beliefs. The sites of their deaths are still marked at Oxford.

WYCLIFFE HALL, NAMED AFTER JOHN WYCLIFFE, WAS ESTABLISHED IN 1877 AS A CENTER FOR TRAINING CHRISTIAN LEADERS.

Oxford's current leadership possesses the same boldness as their predecessors, and still seeks to carry the gospel throughout the world. We are delighted that faculty members at Wycliffe Hall have expressed interest in partnering with Third Millennium, and we look forward to a fruitful ministry together.

**NEW MEDIA CARRIER ADDED**

Flinn Broadcasting, a new Christian television station in Memphis, Tennessee, will be broadcasting Third Millennium educational videos. Third Millennium partners with companies such as Flinn to provide free, quality programming in order to saturate the world with the gospel of Christ. Many Christians in the United States are hungry to learn more about the Bible and sound theology, and Third Millennium, along with our partners, has the opportunity to provide teaching that is easily accessible and free.

**THIRD MILLENNIUM IN THE MEDIA!**

Third Millennium Ministries was recently featured in several press outlets:

- **American Family Radio**  
*One News Now*
- **Moody Radio**  
*Salem Radio News*
- **Christianity Today**  
(Fall 2008)

Thanks be to God for providing Third Millennium Ministries with such significant media exposure! Our mission of using cutting-edge technology to train and equip Christian leaders all over the world for free is truly stimulating much interest and conversation. We firmly believe that biblical education is an extension of the gospel, and that the gospel is not for sale. This message is resonating with members of the press.

## IIIIM IS USED IN MORE THAN 100 COUNTRIES

Christians in more than 100 countries are actively using Third Millennium curriculum to train and equip leaders to spread the gospel and shepherd the flock. Our latest request for materials came from Northern Siberia. Videos that were given to a missionary were duplicated several times and then passed from person to person until finally reaching this remote area.

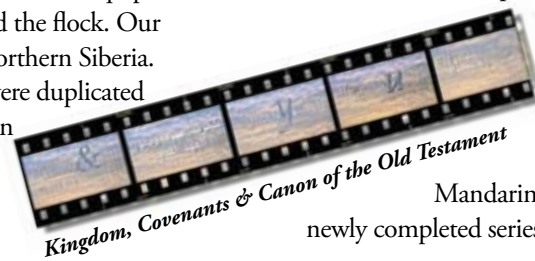

Since sound biblical teaching is so plentiful in the Western world, it is often difficult for many of us to imagine the hunger so many around the world have for biblical instruction. To nourish this spiritual hunger, Third Millennium encourages the “pirating” of our videos and other materials in non-western lands

— a stance almost unheard of in our day. At Third Millennium we want the gospel to go forth as never before! To help this happen, we offer our materials for free, and we encourage unlicensed duplication for missions use.

## THIS JUST IN: PRODUCTION STATUS REPORT

Now that we have all our language coordinators in house, we have been able to speed our production

in non-English languages. Recently, we completed two additional video series in all five of our target languages: English, Arabic, Mandarin Chinese, Russian and Spanish. These newly completed series are *The Primeval History* and *Kingdom,*

*Kingdom, Covenants & Canon of the Old Testament*. Including *He Gave Us Prophets*, we have completed three series in all of our target languages within the past year. With your support, we are continuing to make great strides toward our goal of creating a complete multimedia seminary curriculum in five languages.

*Kingdom, Covenants & Canon of the Old Testament*. Including *He Gave Us Prophets*, we have completed three series in all of our target languages within the past year. With your support, we are continuing to make great strides toward our goal of creating a complete multimedia seminary curriculum in five languages.

## IIIIM ADDRESSES THE UN

Dr. Richard Pratt, president of Third Millennium Ministries, addressed over 200 United Nations ambassadors and diplomats at an Easter service. Several friends of Third Millennium were also in attendance. Dr. Pratt’s message shared the hope of Christ for the world and forged relationships with key governmental leaders from over 70 countries. It is our prayer that these relationships will strengthen our distribution networks with missionaries, Christian organizations, and believers throughout the world.

## WEBSITE AT RECORD NUMBERS

Third Millennium’s website [www.thirdmill.org](http://www.thirdmill.org) is currently experiencing more than 60,000 hits each day, and many of these visitors are located outside of the United States. This equates to over 22 million hits annually!

## CHRISTIANITY EXPLODING IN AFRICA

A new study from the Center for the Study of Global Christianity estimates that there will be 200 million more Christians in Africa by 2025. For there to be one pastor for every 200 people, the Church must educate one

million pastors in 17 years. Africa does not have enough well-trained pastors to lead its large flock. Many churches are led by individuals with little or no biblical training. Over time, cults and false teachings often infiltrate the churches, leading congregants away from God and the truths of Scripture.

However, the Spirit is at work, and the church is growing! Third Millennium is training church leaders all over the world so that believers may eat the meat of the gospel and become more deeply rooted in their faith.

## FROM THE FIELD

Dear Third Millennium Ministries,

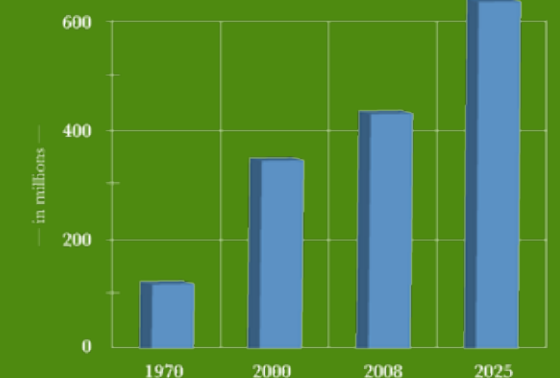

Please continue to make these wonderful materials. They are such a benefit to use and will be a huge factor in the new seminary we are building. The Zambians that have used them have such joy for Third Millennium Ministries.

— *Bonnie Lou Ndelemeti*  
Centre for Christian Missions  
Kitwe, Zambia

Bonnie Lou Ndelemeti is director of the Centre for Christian Missions (CCM). She and her team are building the only evangelical seminary in the country of Zambia. Third Millennium is providing the curriculum for this seminary. It is our privilege to partner with many seminaries like CCM.

## CHRISTIAN POPULATION IN AFRICA
