Third Millennium was recently featured in several press outlets:
• American Family Radio
• One News Now
• Moody Radio
• Salem Radio News
• Christianity Today (Fall 2008)

Thanks be to God for providing Third Millennium Ministries with such significant media exposure! Our mission of using cutting-edge technology to train and equip Christian leaders all over the world for free is truly stimulating much interest and conversation. We firmly believe that biblical education is an extension of the gospel, and that the gospel is not for sale. This message is resonating with members of the press.

Into the THIRD MILLENNIUM

SATELLITE BROADCAST IN THE MIDDLE EAST

Third Millennium’s Arabic curriculum is being streamed on the Al Bisharah satellite network in the Middle East. Our Arabic coordinator learned of the network’s website from a Christian Arab-language publication, and was pleasantly surprised to find Third Millennium videos being streamed on the site the first time he logged on! How encouraging it is to learn that God is using the efforts of Third Millennium Ministries in ways we do not even realize!

From Al Bisharah’s site: “The core values of Al Bisharah are to minister to the Middle Eastern culture, provide interactive talk shows, biblical programming in Arabic and Aramaic languages, offer easy accessibility through satellite TV and internet, help human souls experience God, provide biblical accuracy and correct use of Scripture, confront every person with the power of God’s Word, and assist the Middle Eastern community networks.”

NEW MEDIA CARRIER ADDED

Flinn Broadcasting, a new Christian television station in Memphis, Tennessee, will be broadcasting Third Millennium educational videos. Third Millennium partners with companies such as Flinn to provide free, quality programming in order to saturate the world with the gospel of Christ. Many Christians in the United States are hungry to learn more about the Bible and sound theology, and Third Millennium, along with our partners, has the opportunity to provide teaching that is easily accessible and free.

NEW PARTNERSHIP ESTABLISHED

Dr. Richard Pratt recently presented special lectures at Wycliffe Hall, a theological college at Oxford University in England. Throughout history, many bold leaders worked to advance the kingdom while at Oxford, and many of them were martyred for their beliefs. The sites of their deaths are still marked at Oxford.

Oxford’s current leadership possesses the same boldness as their predecessors, and still seeks to carry the gospel throughout the world. We are delighted that faculty members at Wycliffe Hall have expressed interest in partnering with Third Millennium, and we look forward to a fruitful ministry together.

Satellite dishes line apartment building rooftops in the Arabic country of Bahrain in the Persian Gulf.
Dear Third Millennium Ministries,

Please continue to make these wonderful materials. They are such a benefit to use and will be a huge factor in the new seminary we are building. The Zambians that have used them have such joy for Third Millennium Ministries.

— Bonnie Lou Ndelemeti  
Centre for Christian Missions  
Kitwe, Zambia

Bonnie Lou Ndelemeti is director of the Centre for Christian Missions (CCM). She and her team are building the only evangelical seminary in the country of Zambia. Third Millennium is providing the curriculum for this seminary. It is our privilege to partner with many seminaries like CCM.
