ABOUT THIRD MILL

Founded in 1997, Thirdmill is a non-profit Evangelical Christian ministry dedicated to providing:

**Biblical Education. For the World. For Free.**

Our goal is to offer free Christian education to hundreds of thousands of pastors and Christian leaders around the world who lack sufficient training for ministry. We are meeting this goal by producing and globally distributing an unparalleled multimedia seminary curriculum in English, Arabic, Mandarin, Russian, and Spanish. Our curriculum is also being translated into more than a dozen other languages through our partner ministries. The curriculum consists of graphic-driven videos, printed instruction, and internet resources. It is designed to be used by schools, groups, and individuals, both online and in learning communities.

Over the years, we have developed a highly cost-effective method of producing award-winning multimedia lessons of the finest content and quality. Our writers and editors are theologically-trained educators, our translators are theologically-astute native speakers of their target languages, and our lessons contain the insights of hundreds of respected seminary professors and pastors from around the world. In addition, our graphic designers, illustrators, and producers adhere to the highest production standards using state-of-the-art equipment and techniques.

In order to accomplish our distribution goals, Thirdmill has forged strategic partnerships with churches, seminaries, Bible schools, missionaries, Christian broadcasters and satellite television providers, and other organizations. These relationships have already resulted in the distribution of countless video lessons to indigenous leaders, pastors, and seminary students. Our websites also serve as avenues of distribution and provide additional materials to supplement our lessons, including materials on how to start your own learning community.

Thirdmill is recognized by the IRS as a 501(c)(3) corporation. We depend on the generous, tax-deductible contributions of churches, foundations, businesses, and individuals. What is the best place to find Thirdmill resources online?

For more than 20 years, Thirdmill has made resources for teachers and students available on the internet. But what is the best place to find our resources online?

The largest collection of our teaching and learning resources appears at thirdmill.org. Thirdmill.org is like a massive library ready for you to explore.

Rev. Dr. Humphrey Akogyeram, Good News Theological Seminary, Ghana
You have the whole library when you go to the website of Third Millennium over there, right there for you to use, free of charge as well... And I think that’s a material that is very, very good for the churches and also the leaders and pastors and prophets and lay leaders in Africa.

At thirdmill.org, you’ll find many materials to help you lead your learning community effectively. Six of the most useful resources are: our Lesson Series, our online Study Bible, a huge collection of electronic books, Thirdmill’s weekly online magazine, a database of questions and answers, and numerous sermons and lectures that you and your students can listen to. Let’s take a look at each of these resources.

Our Lesson Series are available in more than 18 languages and address various biblical and theological topics. We provide them in a variety of formats, and they come with support materials like Lesson Guides and Application Guides.

Rev. Walid Harmoush, Retired Pastor, Lebanon (translation)
I was amazed by the quality of the professionalism used here. I watched the videos, the pictures used, the people interviewed... The work that was done is really great. It’s amazing. And what is more amazing, is that it’s available in many languages. It’s really a great blessing for people speaking different languages from every country in the world to be able to study the Bible deeply and get ready for ministry.

In addition to our Lesson Series, you’ll also find the Thirdmill Study Bible. Our Study Bible explains many things about the Scriptures that you most likely won’t have time to cover in your classes. It’s a free and open resource, so you and your students can copy it and use it as you want.

Thirdmill also has a collection of electronic books available for you and your students. Among other things, you’ll find entire sets of commentaries on the Bible and several...

series related to church history. These resources are all perfectly legal for you to use any way you want as you teach Thirdmill classes.

Thirdmill Weekly, our weekly publication of papers and articles, can be used for reading and research. There are thousands of articles on different subjects. Some of these articles are more scholarly. Others are more pastoral and practical.

A very popular Thirdmill resource is our “Question and Answer Knowledgebase.” For many years now, we’ve invited people to submit questions they have about the Christian faith. And our expert staff has posted short answers. For instance, “Who is the one true Church?” and “Is it possible not to sin?” We welcome you and your students to submit questions to our Thirdmill staff. And we’ll do our best to answer as quickly as possible.

You can also listen to thousands of sermons and lectures at thirdmill.org. For example, we have a series of sermons on the Book of Revelation and a collection of sermons on prayer. Lots of teachers and students use these sermons with their Thirdmill classes.

Rev. Max Tykhonov, Liberty Presbyterian Church, Kiev
We use the website of Third Millennium which is full of resources.
And it’s available for everybody, so anybody from any point of the world can get there and take whatever they want in Russian, any language... I mean, in a lot of languages.

Take a look at what we offer in your language. And if you have items to contribute, contact us. We’ll evaluate them and consider posting them on our website.

Thirdmill.org is the largest collection of resources for you and your students. Be sure to come back to thirdmill.org often. We’re always adding new items for you to use with your classes.
